Mentor-Mentee Report for the academic year 2023-24

Students undergo various problems of stress. Mentoring is required for students to achieve emotional stability and to promote clarity in thinking and decision-making for overall programme. Each teacher is assigned some students. They meet at regular interval to discuss, clarify and share various problems which may be personal, domestic, academic etc. Evidence of success of the practice includes better results in the examinations, more regular attendance, increased participation in co-curricular activities, better discipline on campus and respectful relationship between teachers and students.

MENTORING REPORT (2023-2024)

Department of Multimedia and Mass Communication

Class: FY, SY, TY

- Initial mentoring sessions were held once in every one week for all the mentees together. During these sessions, topics like necessity of following College protocols, Career opportunities, how to prepare study materials using online resources, etc. were discussed.
- During these sessions, the mentees were motivated to speak on any topic of their choice, or express their views on current matters etc. This made the mentees feel at ease and helped them to familiarize with each other.
- As part of mentoring, parents' meetings were convened to have a rapport with the parents and to understand the family background of the mentees. Parents were made aware of the rules of the college, attendance and overall development of learners.
- Apart from the mentoring sessions conducted for all the mentees in common, individual mentoring was done to mentees who were identified as slow learners and advanced learners.
- The performance of some of the mentees was below the average level of performance of the whole class. The mentoring sessions helped to identify the cause of the poor performance and the mentees were helped to overcome their learning difficulties after a few personal mentoring sessions.
- The mentees whose performance was above the average level of performance of the whole class were identified and they were motivated to prepare for various competitive exams like UPSC, PSC, JAM etc. They were directed to attend certain online classes related to such exams.
- During these sessions, the mentees were groomed to improve their soft skills like personal skill, language skill, social skill etc.
- The mentees were motivated to participate in the various competitions organized within the college and by other colleges.
- Mentoring sessions were planned to motivate the mentees positively, to believe in their potential, do their best and adapt to the changing circumstances.

- A couple of mentees were also put in touch with professional counsellor for better psychological support.
- By the end of the academic year, the mentor could observe an improvement in the learning performance, language skill, public speaking skill etc. Also, the mentees developed good rapport with faculty members and students within the department and other departments, indicating an improvement in their people skill. Some of the issues shared by the mentees personally and in common:
- A couple of students had difficulty in understanding certain topics. Solutions for the issues shared by the mentees personally and in common:
- Extra classes were arranged for students having difficulty in catching up with the topics.
- Mentees in need of psychological support were advised to meet the counsellor.
