Mentor-Mentee Report for the academic year 2023-24

Students undergo various problems of stress. Mentoring is required for students to achieve emotional stability and to promote clarity in thinking and decision-making for overall programme. Each teacher is assigned some students. They meet at regular interval to discuss, clarify and share various problems which may be personal, domestic, academic etc. Evidence of success of the practice includes better results in the examinations, more regular attendance, increased participation in co-curricular activities, better discipline on campus and respectful relationship between teachers and students.

- During these sessions, the mentees were motivated to speak on any topic of their choice, or express their views on current matters etc. This made the mentees feel at ease and helped them to familiarize with each other.
- As part of mentoring, parents' meetings were convened to have a rapport with the parents and to understand the family background of the mentees. Parents were made aware of the rules of the college, attendance and overall development of learners.
- Apart from the mentoring sessions conducted for all the mentees in common, individual mentoring was done to mentees who were identified as slow learners and advanced learners.

- The mentees were motivated to participate in the various competitions organized within the college and by other colleges.
- Mentoring sessions were planned to motivate the mentees positively, to believe in their potential, do their best and adapt to the changing circumstances.
