

NAME OF ACTIVITY: CHEMISTRY EXHIBITION, THEME: GREEN CHEMISTRY

DATE: 09/09/2023, NO. OF BENEFICIARIES: 265

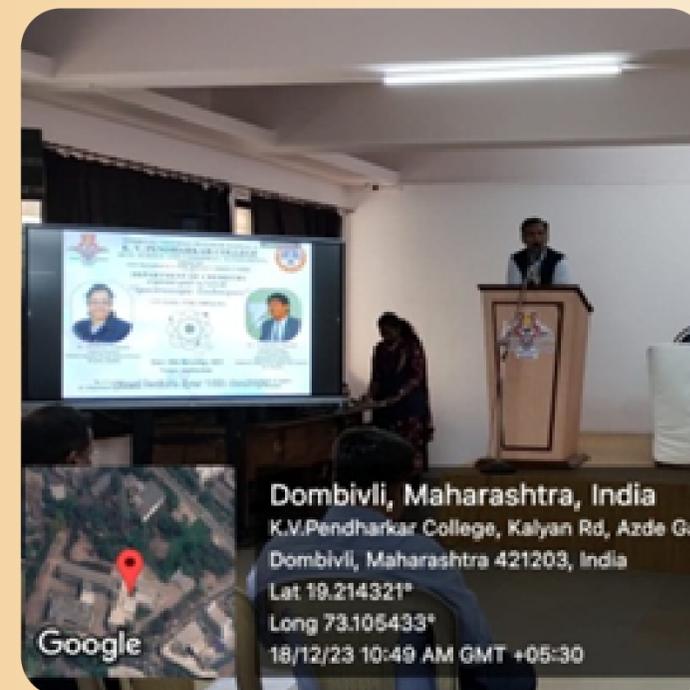

- Green chemistry poster presentation and model descriptions put up at exhibition by the students of TYBsc Msc 1 & MSc 2 .
- Underlining the crucial role of green chemistry wherein the emphasis was given for safe & healthy chemistry practices.
- To reduce the output of harmful eluent from various Industries. Over 265 benefeciraies attended the exhibition.
- Best three Winners were declared based on their presentation skills and value output of topics.

NAME OF ACTIVITY: GUEST LECTURE ON ‘SPECTROSCOPIC TECHNIQUES’,

DATE: 18/12/2023, NO. OF BENEFICIARIES: 100

- Arranged a guest lectures on the most crucial topic of “Spectroscopic techniques!”
- In the esteemed presence of Dr. Darshana Potphode maam & Dr. Nandkishore Chandan Sir.
- This valuable guidance benefited to students of MSC -1 & MSC -2 and TYBsc students.
- Over 100 participants attended the session and cleared their concepts and resolved their doubts regarding spectroscopic techniques. This session was largely valuable for many aspiring Quality Chemist.

**NAME OF ACTIVITY: LABORATORY VISIT AT NMIMS,
DATE: 22/12/2023, NO. OF BENEFICIARIES: 40**

A quality visit to NMIMS institute Vileparle Made a everlasting mark and deep impact on the students of MSC –I & II , TYBsc the hands on description and valuable guidance by highly abled staff on crucial instruments like Spectrophotometer U.V. & IR, Synthesis of Nanoscale particles of Gold, HPLC, Water treatment project, Studies related to analysis & development of capacitors paved a crucial role of instigating the curiosity, also a rich experience to students psychology.
